

# BRCGS

We Are BRCGS

**Company Name:**

Lees of Scotland

## **Can you please introduce your company?**

Lees of Scotland, manufacturers of snowballs, teacakes and meringues

## **Why did you choose the BRCGS Standard?**

We know that BRCGS is an internationally recognised certificate in the food industry and wanted our customers to feel further secure in knowing that our factory upholds the best practices with yearly unannounced audits to keep us in check.

## **What are the benefits being BRCGS certificated?**

With the BRCGS certificate we can improve food safety in our factory, have consistency in our quality and hygiene standards and have protection through horizon scanning & confidence in our supply chains both inward & outwards. BRCGS also helps with our operational efficiencies through a consistent process driven approach and assists with broad-based innovation & development through a consistent gated approach.
